

Want A Research Internship Sponsored by the National Science Foundation?

Join us from October 2021 to May 2022 (20 hours/week)

What is the Internship about?

A team of highly motivated faculty and students work together on geospatial research projects. 7-Month part-time at VSU with an all-expense-paid trip to Washington DC at the end of May!

Benefits of the Program:

\$1200/month: *Excellent pay for your professional experiences.*

All-Expense-Paid Trip to Washington DC in May of 2022: *Students will present their projects and experience our beautiful capital city with sightseeing.*

One-On-One Virtual Mentoring by Faculty and Graduate Students: *Students will work on real-world research projects and showcase results at the end of the program.*

Potential projects: https://www.stcenter.net/?page_id=134

Computer Programming and Geospatial Technology Training: *Skills you can use for your future career.*

Publication with Faculty at the End of the Program: You will be a published author!

Prestigious National Science Foundation Training Certificate upon Completion: *Great resume building for future work and/or transfer programs.*
